FEATURES -

- GRIPthane® dual density polyurethane offering a soft shock absorbing midsole with a hard wearing outer sole for tough working conditions.
- The **GRIPthane**® sole has been developed to answer demanding adherence requirements for slippery conditions and to meet AS/NZS safety standards.
- The new AEGIS Microbe Shield¹ treated footbed now disperses moisture from the foot and helps maintain freshness while the perforated foam layer enhances a natural airflow.
- Oliver's unique **COMFORTcushion**® Impact Absorption System uses a combination of cellular urethane and PORON² to protect the heel and ball of the foot. This constant impact absorption helps reduce foot, leg and lower back fatigue.
- Fully lined with the AEGIS Microbe Shield® solution which protects against odour, staining and deterioration caused by bacteria and other micro-organisms.
- **NATUREform**® safety steel toe cap protection with a wide profile allows greater comfort.
- Outer-sole heat resistant to 130° C surface contact.
- Water resistant full grain leather.
- Sole resistant to mineral and organic oils and acids.
- Superior cut, split and crack resistant sole.
- **HYDROstop**® protection offering a 3-year guarantee against the effects of hydrolysis.
- Padded comfort collar.
